

PIA(PINES International Academy)

PINES 4 VISIONS

1. English Learning and International Career Advancement

- English learning serves as a gateway to international careers. Despite AI's advancements in language translation, direct English proficiency remains crucial for global talent. It allows individuals to integrate deeply into diverse global cultures, enriching their knowledge and broadening perspectives through conversations with students from various nationalities.

2. Achieving Higher English Proficiency Efficiently

- Traditional overseas group classes often fail to provide adequate opportunities for Asian students to express themselves, leading to feelings of inadequacy. One-on-one language courses in the Philippines swiftly address personal shortcomings through focused teacher coaching. They also effectively alleviate the fear of conversing with foreigners.

3. Overcoming Cost Barriers to Study Abroad

- Language programs in the Philippines, which include one-on-one teaching and accommodation, are significantly more affordable compared to other English-speaking countries. Detailed information verifying this affordability is readily accessible online. With such cost-effective and efficient study options available, there's no need for further hesitation to pursue overseas studies.

4. Unique Learning Opportunities at Pines International Academy

- Pines International Academy offers distinctive one-on-one language programs in the Philippines, distinguishing itself by involving numerous highly skilled instructors. This approach ensures comprehensive teacher support, which is crucial for student improvement. The academy's specialized curriculum tailored for individual classes enhances English proficiency effectively, drawing from over 20 years of experience in language education.

Tuition fee

Power Speaking – 100 USD/week

Intensive ESL – 330 USD/week

Power ESL 5, 7 – 300 USD/week

Light ESL – 400 USD/week

Option Class - 200 USD/week

PINES International Academy Programs:

- **Power Speaking** - is an upgraded version of General ESL. It is ideal for all students from beginner to advanced levels. This program has a balanced distribution of 4on1 and 1on1 classes. It exposes students to the real English language and provides maximum opportunities for students to use authentic English in speaking, listening, reading, and writing. This program follows many approaches to achieving its goals. However, the Communicative Language Teaching (CLT) approach is mainly used. CLT gives students real life communication lessons which are more fun, more useful, and more relevant to real world situations rather than in the classroom
- **Intensive ESL** - Unparalleled accuracy and fluency enhancements as you engage in an additional one on one class.
- **Power ESL 5, 7** - Elevates listening comprehension, sentence construction, vocabulary, reading fluency, and speaking through 7 1-on-1 classes.
- **Light ESL** - Attain stress-free English fluency through 1-on-1 classes, enhancing conversation, mastering sentence patterns, and boosting reading fluency.
- **Option Class** - Provide opportunities for students of different levels to socialize in English, maximizing their exposure to the English language.
- **TOEIC (Test of English for International Communication)** - Elevate your TOEIC success with our program by refining spoken language skills while mastering the essentials for the exam.
- **TOEIC Speaking** - Elevate your TOEIC success with our program by refining spoken language skills while mastering the essentials for the exam.
- **Family Course** - Ideal English program for families, with engaging language activities and memorable weekend tours.
- **Junior Camp** - Preparatory English modules for young English Learners.
